## Summary

Software Developer with 3 years of experience, specialized in web development, but I have also worked on Mobile Development projects (Flutter, React Native), and Cloud Architecture projects that have been deployed in production environments. Currently, I am focusing on enhancing my technical knowledge while developing my people management skills to reach a leadership position.

## Experience

### Software Developer (mid-level)

igc partners | July 2022 - Now

IGC is the largest M&A (Mergers and Acquisitions) company in Latin America and a powerhouse in the global financial market, competing head-to-head with major banks. With a recently established technology sector, I contributed by training new professionals, managing teams, and developing internal CRMs that managed financial processes involving hundreds of millions of Brazilian reais.

Skills: **Team Management** | **Node.js (Express.js/Nest.js)** | **AWS** | **GCP** | **Python (Django)** | **Flutter** | **React Native** | **PostgreSQL**

### Web Developer

Haste Design | April 2021 - April 2022

Haste Design was a software house combined with a design studio where all aspects of software development were solved. My role was to participate in these projects from architecture to deployment, and I learned a lot not only in coding but also in infrastructure. Unfortunately, the company has ceased its operations.

Skills: **Typescript** | **React** | **PHP** | **SASS** | **WordPress** | **Docker** | **CI/CD** | **XAMPP** | **MySQL**

## Intern

### Virtues Media & Apps | Jan 2021 - April 2021

Virtues was a mobile app development company with a focus on radio stations. I was hired to develop the company's website because it was quite outdated with outdated features. Additionally, I initiated the creation of a browser extension for radio playback.

Skills: **Javascript** | **HTML** | **CSS** | **Bootstrap** | **jQuery**

## Education

### Higher Technology Course (HTC)

#### Systems Analysis and Development | Jan 2020 - Dec 2021

Skills: **Data Structure** | **Algorithms** | **Object-Oriented Programming** | **C** | **Functional Programming** | **SQL**

### Higher Technology Course (HTC)

#### Systems Analysis and Development | Jan 2022 - Dec 2023

Skills: **React.js** | **Microservices** | **Express.js** | **Node.js** | **Python**
